

CIFO guidance on complaint categorisation

Introduction

The Channel Islands Financial Ombudsman (CIFO) was established by law in Jersey and the Bailiwick of Guernsey to resolve complaints about financial services provided in or from the Channel Islands. CIFO uses a complaint management system (CMS) to log and record the progress to resolution of all complaints received. The information in this document is provided for financial services providers (FSPs) as, during the complaint process, they will be asked to verify that the information recorded against each complaint case against them is correct on CIFO's CMS. The information below explains some of the key information fields that are recorded for each complaint received. Certain information fields are included in statistical data already published by CIFO in quarterly complaint statistics and in the statistical section of CIFO's annual reports. Some may also be published as part of our summary statistical data on complaints that will be broken down by FSP.

The following are descriptions of the relevant information fields to assist FSPs to verify the complaint information collected.

Case Number

CIFO's unique complaint case reference identification number (e.g., 20-000123).

Primary Complainant

This is the name of the individual who has made the complaint, either as an individual or on behalf of a micro-enterprise or a charity. CIFO will never publish this information.

Primary Complainant's Country/Region

This is the jurisdiction in which the complainant is resident at the time the complaint was made.

FSPs

This shows the financial services provider (FSP) that was the subject of the complaint. The legal respondent, and usually the holder of the relevant licence from the local financial sector regulator, that is responsible for what is being complained about.

FSP's Country/Region

This shows the jurisdiction from where the financial services provider (FSP) provided the financial services complained about.
